*Every effort is made to honor your donation towards a particular Committee or Project. However, we sometimes receive donations in excess of what is needed in any fiscal year. In that case, excess donations will be designated as "Needed Most" and will become available for underfunded PMSA Committees or Projects in current or future years.

Donations made to the PMSA Funds Request (community grants) are generally distributed in total within the next two years. Donations made to the PMS & A (Joint) Foundation Educational Fund or Charitable Fund are added to the principal of separate money market accounts, and 5% of each money market account is distributed annually.
